

## Urban issues and challenges

	Covered in class?				Revision undertaken
I can explain how <b>urbanisation</b> has happened at different rates and at different times in different parts of the world making reference to LICs and HICs.					
I can explain the <b>causes of urbanisation</b> (migration and natural increase) and understand the emergence of megacities.					
<b>Case study of the LIC or NEE – Mumbai</b>					
I can describe the location of <u>Mumbai</u>					
I can explain why <u>Mumbai</u> is important <b>regionally, nationally</b> and <b>internationally</b>					
I can explain why and how <u>Mumbai</u> has grown					
I can explain, analyse and evaluate the <b>opportunities</b> in <u>Mumbai</u> including: <ol style="list-style-type: none"> <li>1. Access to services – health</li> <li>2. Access to services - education</li> <li>3. Access to resources - water supply</li> <li>4. Access to resources - energy</li> <li>5. How urban industrial areas can promote economic development</li> </ol>					
I can explain, analyse and evaluate the <b>challenges</b> in <u>Mumbai</u> including: <ol style="list-style-type: none"> <li>1. Managing urban growth – slums, squatter settlements</li> <li>2. Providing clean water, sanitation systems and energy</li> <li>3. Providing access to services – health and education</li> <li>4. Reducing unemployment and crime</li> <li>5. Managing environmental issues – waste disposal, air and water pollution, traffic congestion.</li> </ol>					
I can explain and evaluate how <u>Mumbai</u> plans to improve the <b>quality of lives</b> for the <b>urban poor</b> .					
<b>Case study of a HIC - Manchester</b>					
I can describe the distribution of population and where major cities are located in the UK.					
I can describe the location of <u>Manchester</u>					
I can explain why <u>Manchester</u> is important <b>nationally</b> and <b>internationally</b>					
I can explain the impacts of national and international migrants on <u>Manchester's</u> growth and characteristics					
I can explain, analyse and evaluate the <b>opportunities</b> in <u>Manchester</u> including: <ol style="list-style-type: none"> <li>1. Social : Cultural mix</li> <li>2. Social: Recreation</li> <li>3. Social: Entertainment</li> <li>4. Economic: Employment</li> <li>5. Economic: Integrated transport systems</li> <li>6. Environmental: Urban greening</li> </ol>					
I can explain, analyse and evaluate the <b>challenges</b> in <u>Manchester</u> including: <ol style="list-style-type: none"> <li>1. Social and Economic: Inequalities in housing, education, health and employment.</li> <li>2. Social and Economic: Urban deprivation</li> <li>3. Environmental: Dereliction of buildings</li> <li>4. Environmental: Building on <b>brownfield</b> and <b>greenfield</b> sites.</li> <li>5. Environmental: Waste disposal</li> <li>6. The impact of Urban sprawl on the rural-urban fringe &amp; growth of commuter towns</li> </ol>					
I can explain, analyse and evaluate the how <b>Salford Quays</b> has undergone <b>regeneration</b> to show: Reasons why the area needed regeneration and the main features of the project.					
<b>Urban sustainability</b>					
I can describe how people can live more <b>sustainably</b>					

I can explain how **sustainable urban living** can conserve water and energy, recycle waste and create more green space.

--	--	--	--	--

I can explain how urban transport strategies are used to reduce traffic congestion .
